Lengthy.

The Council proceedings occupy the greater portion of our space this morning, but we hope the detailed report of our city affairs will prove of as much interest to our readers as would the matter it has crowded out.

O. Haythorn & Co. show 100 pieces new fall prints today.

Stolen.

On Tuesday afternoon, while William Rooms, of Clear Creek precinct, was attending court, some unknown party entered his room at the Martin House on Twentieth street, broke open a valise, took out a pair of pants belonging to Mr. Rooms and made off with them.

Found.

A bunch of keys—2 post office keys, 1 night latch and other keys. The owner can have them by calling at the BULLETIN office and paying 50 cents for this notice.

West Brothers celebrated shoes can be had only of O. Haythorn & Co.

It has come.

We were informed by Mr. Andrew J. Lorist evening that the first car load of the celebrated Blatz beer was received by him yesterday, and that he will call on his old customers and friends this morning for the purpose of disposing of the same. This brand of beer is too well known by our beer-drinkers to need any words of praise from us. It is excellent.

Runaway.

About half-past three o'clock yesterday afternoon, while Mr. Carey, the undertaker, was driving down the hill on Seventeenth street, from Washington avenue to Locust Grove, a piece of the harness rigging gave way and let the wagon down against the horse, which became scared, and before Mr. Carey could gain control of the animal she had torn loose from the wagon and ran away. The breaking of a shaft was the only damage done.

Sidewalks.

Two petitions were read by the clerk at the meeting of the city council Tuesday night in regard to sidewalks on Sycamore street and Ninth street—one being from the residents of Sycamore, between Twenty-first and Twenty-second streets, praying that a walk be laid on the east side of that thoroughfare, and the other from Dr. Arter, asking the privilege to construct an asphalt and brick walk in front of his residence on Ninth street. Both petitions were referred to the street committee.

An Unhealthy Place.

We have within the past week been requested by various parties to call the attention of the authorities to the pond of water lying back of Poplar street, between Twenty-first and Twenty-second streets, which the people residing in that neighborhood are anxious should be got rid of in some way. The water, they say, accumulated in the pond during the recent stage of high water, and that when it ran out of the other places, it still remained in this particular spot, because of its having no outlet. The water having become so stagnant, and throws out a very disagreeable and unhealthy odor, which the people fear will breed sickness in their midst.

The Concert To-Night.

Since last Sunday a large number of tickets of admission for the concert to be given by the scholars of the Presbyterian Sunday School have been sold, and a large crowd of people will fill the church this evening to witness the entertainment. Those who will take part in the concert have spent much time in preparing for it, and those who attend will witness a great treat. The scholars are desirous of purchasing a new library for their school, and have taken this course to obtain money to carry out their purpose. Let everybody go who would encourage them in their good work.

We still have more of those \$3.50 hats, which we sell at \$1.50.

Big Horse Race.

From a gentleman who arrived in this city from Murphysboro on Monday, we learn that a big time is looked for at that place on Saturday, the event being a horse race arranged by Mr. F. E. Albright and a gentleman from Shawnee town. The conditions of the race, we are told, are that Mr. Albright is to run his noted horse "Modes Chief" against another noted horse, single dash of half a mile, and the owner of the horse that goes under the string first to take both horses. The race is to come off on Logan's track. Both the horses to run are very fast and valuable. They were both bred by the world-renowned race horse Lexington, and fast time will no doubt be made, as it is evident both horses will be pushed to win.

The A. M. E. Church Dedication.

Elder Meyers, of the African Methodist Episcopal church of this city, left Cairo on Tuesday afternoon for Sparta, where he will attend the conference of the church to be held in that city on the 13th inst. Among the prominent colored ministers to be present at the conference will be Bishop Wayman of Baltimore, who will preside over the conference, and the Rev. B. F. Tanner, of Philadelphia, also an able colored minister. On or about the 17th of this month, after the conference has closed, Bishop Wayman and the Rev. M. Tanner will arrive in this city, where they will remain for several days, for the purpose of taking part in the dedication of the African Methodist Episcopal church of this city, which takes place on the 19th inst. Bishop Wayman will preach the dedication sermon, and Mr. Tanner, one of the proprietors of the Christian Recorder, a religious newspaper published at Philadelphia, will also deliver a sermon. The members of the church are making extensive preparations for the event, as a large number of people are expected to be present to witness the ceremony.

Hymenial.

We copy the following account of the marriage of Mr. C. B. Pettit, of Cairo, to Miss Mary Glauber, of Paducah, from the News of the 7th inst:

"The marriage which took place this morning at the Catholic church, on Broadway, was more interesting and the ceremonies more imposing than any which have occurred in our city for years. The parties thus so happily united in the holy bonds of matrimony were Mr. Ernest B. Pettit, merchant of Cairo, to Miss Mary Glauber, daughter of Mr. S. Glauber, of the firm of Wahl & Glauber, this city. The waiters on the occasion were first, Mr. Frank Pettit and Miss Mollie Glauber; second, Mr. John Glauber and Miss Lizzie Roof; third, Mr. Martin Grief and Miss Lou E. Simon. The ceremony was performed by Father Meagher, mass being celebrated by the Rev. Father J. C. Feehan, assisted by Father McDonald, Deacon, and by Father Welch, sub-deacon. The bride wore a lavender colored Japanese silk, appropriately trimmed and becomingly fitted, with white veil, and was pronounced by all a charming and beautiful bride. The church was crowded to overflowing, the windows and doorways, even, being filled with people. We learn that the happy pair will remain in the city to-day, taking their departure for Cairo by the steamer for that city tomorrow morning."

Circuit Court.

Yesterday in the Circuit Court was default day, and the morning was taken up by entering defaults, rules and orders in civil cases.

Rules were taken in numerous cases on defendants to answer.
In the case of William Stoner vs. Margaret Stoner, which is a suit for divorce, Margaret Stoner, not having filed an answer to the petition, was called, but did not respond. Order was given to submit proofs.
In the case of William A. Robb vs. Arimenda Robb, which is also a divorce case, Arimenda Robb not having answered the complaints of her husband, was called by the sheriff but did not answer. Permission was given to present proof. After hearing the evidence for the plaintiff, a divorce was granted. Desertion was the cause for which the judge granted the writ.

The case of Fleming & Lacy vs. the Cairo & St. Louis railroad company, Paxon & Canby, was continued for want of service on two of the defendants.

At ten o'clock the grand jury filed into the court room. This is the first time it had appeared in the court room since Monday morning. Judge McCrite handed the Judge fifteen indictments, the fruits of nearly two days' work. Most of these indictments are for larceny.

The grand jury retired with its foreman, saying there was more work.

After the report of the grand jury, the Judge ordered the prisoners to be brought into court. In one, two, three, order, eight jail birds entered the prisoner's bar. Attorneys were appointed for those who were not able to employ any.

Joseph Bradley and John Wilkinson pleaded guilty to an indictment charging them with an assault upon Charles Peterson with intent to rob. John Wilkinson is a boy of about fifteen, and will be sent to the Reform School, and Joseph Bradley is near twenty years of age. But the court did not fix their punishment, as the evidence had not been heard, and for that reason deferred sentencing them.

Minnie Hurley, the woman that stole one hundred and fifty dollars from Grace Winsor, plead "not guilty" to the indictment returned against her.

Archibald Robinson, indicted for the larceny of a pair of pantaloons from Mary Burns, responded "not guilty."

The next person that stood up to be interrogated, was Henry Rogers, charged with the theft of a gold watch. He answered "not guilty."

The rest of the indictments were as follows:
John Hall, larceny; William Smith, assault to murder; Peter Walder, assault to do bodily injury; Severed Smith, assault to murder; James Smith, assault to murder; Albert Staines, larceny; Therman Alston, larceny; Mollie Barclay, larceny; Henry Rogers, larceny; Martin Burns, arson; Archibald Robinson, larceny; Joseph Bradley and John Wilkinson, assault to rob.

The case of the People vs. John R. Green, was erased from the docket at the request of the State's Attorney. John R. Green was indicted in the year 1868, for the larceny of one thousand dollars, and was bailed out by Henry Frazier and James B. Frazier. He left the city, and the case has been on the docket since 1868. At the present time a *scire facias* was filed by the State's Attorney, against John R. Green, Henry Frazier and James B. Frazier, the last two being in business in the Northern part of the State. In response to the *scire facias*, John R. Green appeared and presented himself for the trial, but on account of the failure of the State to get witnesses the case has been dropped. The principal witness is an old man, about eighty years of age, and lives in the State of Kentucky, so that the process of our Circuit Court could not have any power over him.

In the case of the People against Robt. Hall, a motion was made by Mr. Harmon Black to quash the indictment standing against his client. After argument the judge quashed the indictment for want of certainty. Robt Hall is one of the fellows that stole two oxen several weeks ago, and tried to sell them to Mr. Smith.

It has been reported that persons were before the Grand Jury in the case of Jas. K. Lane, who killed a man several days ago, but as the Grand Jury have not reported yet, we do not know their determination.

THE COMMITTEE.

The Exciting Police Imbroglio—A Partial Investigation and a Colloquy—The Mayor Sustained by a Short-cut.

The council met, pursuant to adjournment, last night, for the purpose of investigating the charges preferred by Mayor Winter against Officers Schuster and Whitcomb.

There was a full attendance of the aldermen, and the meeting was called to order by Mayor Winter, who immediately laid down his gavel and appointed Alderman Rittenhouse to take the chair.

Alderman Halliday then moved that the council resolve itself into a committee of the whole, which motion was carried, with Alderman Rittenhouse as chairman.

After a rather warm discussion as to the legal effect of the investigation would have, in which nearly all the aldermen took a hand, Alderman Patler moved that the investigation be at once commenced, which was carried.

Alderman Nellis then moved that the affidavits in the hands of the mayor be read, which motion prevailed.

Mr. Fred Whitcomb was put upon the stand and specifically denied each of the charges made against him by the Mayor.

The affidavits of Anna Gunsher, Frank Gunsher, Amanda Austin, Lydia Gunsher, Daniel Franklin, A. J. Carl, a negro woman (name unknown), Goble, Sam'l Cary, and others, all on the dog matter; and of Dr. Spoon, on another subject, were read.

MR. MARSHALL APPEARS.

Ex-City Marshal Williams appeared and said:

"I would like to know if the Mayor

has any additional charges to make against me, so I may be prepared.

The Mayor—"Only that we couldn't agree, and didn't you say I did right to remove you?"

Williams—"O, well, no matter. You will state why we couldn't agree."

The Mayor—"If necessary I will state, I have no other charge to make."

THE COMMITTEE GET UP.
At this point the Committee rose, reported progress and asked leave to sit again.

Alderman Halliday moved to adjourn until Friday night, and that the clerk be instructed to issue subpoenas for witnesses.

Alderman Patler moved to adjourn the investigation ten days.

Ayes—Lancaster, Nellis, Parker, Patler, Sapp—5.
Nays—Halliday, Rittenhouse, Thistlewood, Wright, Yeomans—5.

The Mayor voted aye, and the motion was carried.

Mr. Wright moved to postpone the investigation indefinitely.

Mr. Williams asked permission to make a statement. He said he considered that he was marshaled, would demand his pay and wanted his case decided.

The question was taken upon indefinite postponement and carried.

Alderman Nellis moved that the action of the mayor, in removing the officers, be not approved.

The vote being taken resulted as follows:
Ayes—Halliday, Rittenhouse, Thistlewood, Wright, Yeomans—5.
Nays—Lancaster, Nellis, Parker, Patler, Sapp—5.

The law requires a two-thirds vote to defeat a removal by the mayor, and the motions not having received a two-thirds vote, the removals were confirmed.

Council adjourned.

To the Mayor and City Council:
GENTLEMEN: At the request of your Honorable body, I went to Springfield, and appeared before the State Board of Equalization in behalf of our people to obtain, if possible, a deduction in our assessment. I found, upon examination and from information, that our assessment was considerably larger in proportion to value than the other portions of the State. I made such statements to the proper committees as I thought necessary, which were favorably received, and I am informed by a telegram from a member of the board, received to-day, that a deduction on our assessment, of sixteen per cent. on lands, and thirty-five per cent. on lots, had been recommended by the Committee, which I have no doubt will be approved by the board.

Respectfully submitted,
THOS. W. HALLIDAY,
Special Committee.

CAIRO, Sept. 7th, 1875.

The Finance Committee submitted their report for July and August, which on motion of Alderman Wright was approved and ordered filed:

The following report of the Board of Health was presented and read, and on motion of Alderman Thistlewood approved and ordered filed:

To the City Council of the City of Cairo:
GENTLEMEN:—The undersigned Com-

mittee the Board of Health beg leave to make the following report: During the month of July and August, the water in the amount of city and rain water that was within the city limits, something unprecedented in the history of Cairo at this season of the year—being the months of July and August—and promising that, from the length of time it had been standing when it went out considerable stench and miasma would arise from the overflowing ground, the Board deemed it best that the city should be properly disinfected with sufficient lime and tar to purify the air, thereby preventing disease and fever. To that end we have caused the citizens to disinfect their premises, and we have distributed the unsupplied portions of the city by purchasing three cars of bulk lime and 1008 gallons of coal tar, for which please and bill attached to this report for said materials to an amount of \$103.40 also bills to the amount of \$1.00 for tar and labor performed in disinfecting; also bills for quills, \$4, and one for bread \$1.25, for postage, which bills were overlooked on our previous meeting; and also a bill for fifty cents for drug employed in hauling mud with broken bricks to hospital. Total indebtedness contracted by your committee for the month, \$207.25.

In conclusion, allow us to congratulate your Honorable body, as well as the citizens in general, for the cleanliness and healthfulness of the city at the present time, there having been less mortality the past two months than there has been for years past at this season of the year. A great deal of this state of affairs is attributable to the prompt action of the authorities in preparing for danger. Trusting the city may retain its present healthful condition during the balance of the year.

J. W. WINTER, Mayor.
